

Sage Advice

By Suspence

Seeing that I am new to the GL, I was looking for some advice on how to look at puzzles so as to solve them. One day while continuing my search for wisdom atop a mountain, I ran across a Puzzle Sage and told him of my quest. He handed me a sealed envelope and told me that its contents would help me see things more clearly. I ran home excitedly and opened the envelope to find the following letter:

Apqebrcncfs to uhg miod dsh pf gqut kjpet.
Vikqcu ilwju evk wkfx ylly grsmhw zr bn;
sx amoz rpmbnqy iyr, stz jtuskz cu ct;
va doua lbv, mtf gw uxe nvweoc fy dx;
zd gpyd pez vah, qwh cai rxybsf jb ec.
Gnhqkld lc ton px umn mrdve dvwfx qy nsq xrzh owy'a oxbl.

Great!!! How's that supposed to help me? I guess it's up to you guys to help me out. What is the Puzzle Sage trying to tell me?
